SATURDAY EVENING, APRIL 7.

A PET FISH .- We have heard once or twice in our life of such a thing as a pet fish, but never had the opportunity or pleasure of seeing one until Sunday last. Mr. Joseph Sprouls, near Mendots, had a very large black perch in his spring, and which he has had in there for five years. He can go to the water's edge, pick it up, rub it, feed it and play with it, all of which it seems to erjoy as would a dog, horse, or other animal. We tried it and it was as playful with us as with Mr. Sprouls. He caught it five years ago out of the North Fork of Holston with a hook, and put it in his spring, and has kept it there safely and made a special pet of it ever since. It is about twenty inches long and four to six wide. If any one of our readers should happen in the neighborhood, go to see it -it will pay you .- Abingdon Virginian.

·ALIVE AFTER THE BRAINS ARE SPILT. - In the Christmas holidays, George Fox, of Craigsville was out hunting, and the breech of his gun blew out, the iron penetrating his skull and entering his brain. Dr. A. M. Fauntleroy, of Staunton, was sent for and extracted the iron, and cut away the splintered bone. About an ounce of brain came out in the operation. The iron entered the skull over the eye, but, strange to say, the sight is unimpaired, and the man has fully recovered. A few days since he had his photograph taken,—Staunton Vindicator.
